Daevon is a seven year old boy who attends first grade. He is in the multi-handicapped class and has a personal one on one aide. He has difficulty at school as he is easily distracted, and needs redirection. He receives weekly PT/OT sessions at school. Daevon uses a combo of sign language and some verbal to communicate. He is on an IEP, and has a one on one aide. Daevon is not potty trained, but will sit on the toilet if directed. Daevon has been diagnosed with ADHD, and has cerebral palsy. He has low verbal skills, and mild Myopia, an eye muscle problem. Daevon requires many medications which are able to control most of his medical and behavior problems.

Daevon is available for adoption. He will need to be placed with his other two other siblings.
