

Tiffany

Date of Birth 7-8-02

My name is Tiffany. I am 8 years old. I like to play with Barbie dolls and listen to music. I especially like to dance and do cheers when I listen to music. In my spare time I like to do crafts, swim and color. I am a very talented artist! I also enjoy riding my bike and spending time with family.

I have been through some hard times in my life. But, I am in counseling and my counselor decreased my sessions to weekly to biweekly because I am doing better. As a matter of fact, my counselor might see me only as needed. In counseling I learned how to better handle behaviors and developed good coping skills. I am on an IEP at school but have significantly improved my grades! I attend an alternative school right now and have made lots of friends. I have some developmental delays but have worked with doctors to handle these problems and want continue to improve my life. With your help I can continue to improve my life.

I really don't like to share attention with other children, so I would probably work best in a home where I was the only kid. I should not be in a home with younger children.

I HOPE TO HAVE A GREAT FAMILY!!
